Welcome to the NEW style of Critiques...

We have enclosed for you the un-edited critiques from the BSDCQ Specialty Championship Show. These critiques have been reviewed by the Judge and are verbatim.

The full Critique Book, including all results, dogs' details and photos will be forwarded to you in the near future.

Please enjoy reading all the critiques from today's judging.

Thanks for attending our show.

**Critiques, as Judged
by Jesper Anderson**

Exhibit 1

Four months old puppy male, square body, expressive long head, minimum stop, Dark eyes well shaped, ears a little big for the moment, very good neck and backline, Good chest for age, very good bone and feet, steep croup, balanced angulation front And rear, moves freely and balanced. Good drive, nice temperament, nice presentation.

Graded very promising

Exhibit 2

Four months puppy male, good body proportions, elegant expressive head, long light stop, Dark well shaped eyes, ears a little unharmonious at the moment in size, sufficient neck, strong Back, good chest for age, good bone, a bit soft in pastern, steep croup, a bit open in front angulation, Good in the rear, moves a little restricted, just a little shy showing his teeth, good presentation.

Graded very promising

Four month puppy male, square body with very good proportions, masculine, expressive well balanced head, just slight rounded in skull, light stop, dark eyes and good shape, ears of good size and well set, excellent topline, excellent chest for age, very good bone and feet. Moves freely, well balanced with good drive, nice temperament and well presented.

Graded very promising

Exhibit 4

Six months puppy male, off square body, long well chiselled head, light stop, brown eyes well shaped, ears of good size well set, sufficient reach of neck, backline could be a little stronger, slightly

Long in loin, chest needs to develop, a little fine in bone, little long in feet, sloping croup, steep in shoulder, sufficient hindquarters, moves a little restricted and loose in front, nice temperament and well presented.

Graded very promising.

Exhibit 5

14 month old junior male, masculine, good body proportions, medium long head, could be a little more chiselled under the eyes, eyes are a very good shape and colour, headline slightly concave, a bit long stop, medium size ears a little wide in the base, a little short in neck, strong backline, steep croup, good chest for age, very good bone, slightly soft in the pastern, very good feet, a bit open in front angulation, sufficient in the hind, moves just a little restricted and loose in the front, good texture of coat, nice temperament and well presented.

Graded Very good

Exhibit 6

2 and half masculine and elegant male, off square body proportions, head of good length chiselled but somewhat pronounced cheeks, headline almost parallel, almost no stop, good pigmentation, dark almond shaped eyes, small high set ears, very good reach of neck, strong backline, sloping croup, a little light in bone, very good feet, balanced angulation front and rear, moves with very good reach and drive, excellent coat and texture, nice temperament and well presented.

Graded Excellent

Exhibit 7

2 years, elegant slightly long bodied male, long head excellent chiselled, parallel headline, long minimum stop, slightly deep pigmented in mouth, dark eyes of excellent shape, ears of good size a little wide set, excellent reach of neck, good backline, a little long in the loin, sloping croup, very good chest and bone, excellent feet, excellent angulation front and rear, excellent mover with good drive, very good coat and texture, nice temperament and well presented.

Graded Excellent.

Exhibit 9

2 years old male, good body proportions, elegant, medium long head well chiselled, very good pigmentation, dark eyes of very good shape, slightly concave headline, a little roman nose, slightly rounded in skull, light stop, ears of very good size well set, a bit short in neck, strong backline, sloping croup, chest lacks some depth, fine in bone, very good feet, balanced angulation, moves with good reach and drive, good quality of coat, shy temperament but well presented.

Graded Very Good

Exhibit 11

4 and half, elegant square body male, long well chiselled head, expressive, flat skull, light stop, slight convex muzzle, good pigmentation, almond shaped eyes of good colour, small high set ears, good neck, strong backline, sloping croup, undeveloped chest, narrow in front, a bit light in bone, slight soft in pastern, very good feet, good angulation front and rear, moves with balance, very good drive, excellent coat and texture, nice temperament and well presented.

Graded Excellent.

Exhibit 12

7 year old male, off square body, medium long head that could be more chiselled under the eyes, almost parallel headline, minimum stop, good pigmentation, brown almond shaped eyes, medium sized ears a little wide set, a little short in neck, strong backline, sloping croup, good chest and very good bone and feet, a little steep in the shoulder, good hindquarters, moves with balance and good drive, very good coat and texture, nice temperament and well presented.

Graded Excellent

Exhibit 13

2 years, slightly long bodied male, medium long head chiselled, slightly rounded in skull, parallel headline, light stop, dark eyes of excellent shape, medium sized ears well set, sufficient reach of neck, a bit soft in backline, a little long in loin, sloping croup, sufficient chest, good bone, a little long in feet, a little soft in pastern, balanced angulation, moves with good reach and drive, good coat and texture, nice temperament and well presented.

Graded Excellent.

Exhibit 14

Four and half years, off square male, masculine, head of good length chiselled, slightly pronounced cheeks, flat parallel headline, good stop, eyes of excellent shape and brown colour, medium size ears well set, very good pigmentation, excellent reach of neck, strong backline, slightly long in loin, sloping croup, excellent chest bone and feet, excellent angulation front and rear, moves with very good reach and drive, very good coat and texture, nice temperament and well presented.

Graded Excellent

Exhibit 15

3 years old male, very good body proportions, long head well chiselled, flat parallel headline, minimum stop, very good pigmentation, eyes of good shape but a bit light, medium sized ears well set, excellent reach of neck, strong backline, a bit sloping croup, very good chest bone and feet, correct angulation front and rear, excellent mover with good drive, very good coat and texture, nice temperament and well presented.

Graded Excellent

Exhibit 16

3 years old male, almost square body, head with a little short and snipey muzzle, a bit round and deep skull, light stop, very good pigmentation, eyes of very good shape and colour, ears a bit big and wide set, good reach of neck, strong backline, sloping croup, chest a bit undeveloped, a bit fine in bone, slightly soft in pastern, a little long feet, balanced angulation front and rear, moves with balance, good reach, a bit loose in elbow, good coat texture, nice temperament and well presented.

Graded Very Good

Exhibit 17

4 months puppy female, well shaped head, expressive, dark eyes of good shape, ears of very good size and well set very good body proportions, very good reach of neck and good backline, very good chest for age and bone and feet. Very good angulations front and rear, moves very well with good drive, nice temperament and well presented.

Graded Very promising

Exhibit 18

4 months elegant puppy female, expressive head, very good eyes, well set ears, sufficient long neck, good backline, sufficient chest for age, good bone and feet. Balanced angulation, moves well with good drive, nice temperament and well presented.

Graded Very promising

Exhibit 19

6 months, elegant puppy female, off square body, medium long head, muzzle a little snipey and convex, parallel headline, dark eyes just a little deep set, medium sized ears well set, good neck, sufficient strong back, sufficient chest for age, sloping croup. A little open front angulation sufficient hindquarters, moves just a little restricted, a little shy temperament and well presented.

Graded Very promising.

Exhibit 20

18 months old junior, elegant, feminine, very good body proportions, head of good length well chiselled, minimum stop, slightly concave headline, dark eyes of good shape, medium size ears well set, a bit light pigmented in mouth, very good reach of neck, strong backline, good croup, sufficient chest for age, a bit light bone, balanced angulation front and rear, moves with very good reach and drive, good coat texture, nice temperament and well presented.

Graded Excellent.

Exhibit 21

12 months feminine junior female, off square body, medium long head well chiselled, flat parallel headline, minimum stop, eyes of good shape and colour, ears of very good size and well set, a little short in neck, strong backline, just a little long in loin, sufficient chest for age, sloping croup, a bit fine bone, good feet, open front angulation, moves a bit high stepping in front, good coat and texture, nice temperament and well presented.

Graded Excellent

Exhibit 24

3 years old, slightly long bodied female, head of sufficient length could be more chiselled, a little deep in skull, the muzzle lacks some filling, slightly deep pigmentation in mouth, good stop, brown eyes good shape, medium sized ears slightly wide set, good reach of neck, backline is slight soft, steep croup, good chest, sufficient bone, slightly soft in pastern, good feet, balanced angulation, moves a bit unco-ordinated and could have better reach, good coat and texture, nice temperament and well presented.

Graded Very good

Exhibit 25

3 and half feminine female, slightly long bodied, medium long head well chiselled, flat parallel headline, good stop, eyes of very good shape and colour, medium size ears well set, good pigmentation, good reach of neck, strong backline, slight long in loin, sloping croup, good chest and bone, balanced angulation front and rear. Moves with balance, good reach, good coat and texture, nice temperament and well presented.

Graded Excellent

Exhibit 26

3 years old, smaller female, off square body, head of sufficient length chiselled, brown eyes of good shape, parallel headline, light stop, ears of good size and well set, a little short in neck, strong backline, sloping croup, good chest, fine bone, very good feet, a little steep in the shoulder and the upper arm, very good hindquarters. Moves well with the drive, good coat and texture, nice temperament and well presented.

Graded Excellent.

Exhibit 27

5 years old, feminine female, off square body, medium long head chiselled, dark eyes of good shape, small high set ears, parallel headline, minimum stop, a little short in neck, a bit soft in backline, sloping croup, good chest, a bit fine boned, a bit open angulation front and rear. Moves with balance but reach is a bit restricted, good coat and texture, nice temperament and well presented.

Graded Excellent

Exhibit 28

9 years, in a bit thin condition, medium long head, a little deep in skull, under jaw could be stronger, parallel headline, brown eyes of good shape, medium sized ear well set, a bit short in neck, strong backline, steep croup, a bit narrow in chest, good bone and feet, weak in pasterns, steep shoulder, a bit open in the hindquarters, moves with a bit short gait, narrow in front and hind. Nice temperament, well presented.

Graded Very good.

Exhibit 29

9 years old masculine male, a bit long bodied, lacks P2 underjaw, head of good length chiselled, flat parallel headline, minimum stop, a bit light pigmented in mouth, eyes slightly deep set, medium sized ears well carries, excellent reach of neck, strong backline a bit long in loin sloping croup, sufficient chest, good bone and feet, a bit open angulation front and rear, narrow in front, moves balanced but a bit restricted in reach, nice temperament and well presented.

Graded Very good.

Exhibit 30

3 years old male, off square body, long head with good balance, flat parallel headline, light stop, dark eyes of good shape, good size ears a little wide set, good reach of neck, strong backline a little long in loin, good chest very good bone and feet. Balanced angulation, moves with very good reach and drive, a bit light fawn coloured, not in his best coat but texture is very good, energetic temperament and well presented.

Graded Excellent.

Exhibit 31

3 and half years, feminine female, a bit long bodied, long head, good chiselling, parallel headline, light stop, brown eyes good shape, ears of good size and well set, good reach of neck, a little soft in backline a little long in loin, sloping croup, good chest and bone, a bit light fawn coloured, a bit steep upper arm, good hindquarters, reach is good when moving, could be stronger in topline. Coat not in best condition, texture a little soft. A little shy when showing teeth. Well presented.

Graded Excellent

Exhibit 32

3 years, slightly long bodied bitch, feminine, head of good length chiselled, parallel headline, a bit light pigmented in mouth, light stop, brown eyes could be slightly more almond, ears slightly tall and well set, good reach of neck, a bit light fawn coloured, sufficiently strong backline, good shoulder placement, steep croup, overangulated in the rear, good bone, a little long feet, good chest, moves a bit unco-ordinated and not very efficient. Coat of good texture, nice temperament.

Graded Excellent

Exhibit 33

3 years old, slightly long bodied bitch, in a bit thin condition, head of good length chiselled, slightly receding back skull, light stop, brown eyes of very good shape, ears of good size slightly wide set, very good pigmentation, good reach of neck, sufficient strong backline, a bit undeveloped chest, a bit fine boned, steep croup, steep upper arm, very light fawn coloured, good hindquarters, moves slightly restricted in the front and a bit loose, coat texture a bit soft, nice temperament.

Graded Excellent

Exhibit 35

14 months, square bodied, masculine, elegant junior male, head of good length well chiselled, flat parallel headline, light stop, mask slightly diluted, very good pigmentation, eyes of good shape and colour, medium sized ears well set, good reach of neck and strong backline, sloping croup, very good chest and bone and feet, steep upper arm, good hindquarters, moves restricted in front, narrow in hind, nice fawn with overlay good coat texture, happy tail, nice temperament and well presented.

Graded Excellent.

Exhibit 36

8 year old male, could be more masculine, off square body, medium long head well chiselled, a bit deep pigmentation in corner of mouth, very good mask, correct headline, light stop, brown eyes good shape, medium sized ears well set, good reach of neck, backline could be a bit stronger, good chest fine bone good feet. A bit steep in the upper arm, sufficient hindquarters, moves a bit restricted in the front, nice warm fawn with good overlay, good coat texture, nice temperament and well presented.

Graded Excellent

Exhibit 38

6 months feminine puppy female, good body proportions, medium long expressive head, good chiselling, a bit receding back skull, very good mask, dark eyes good shape, ears of good size very well set, sufficient reach of neck, good backline, good chest for age, fine bone, good feet, a bit sloping croup, a bit open front and rear angulation, moves with sufficient reach, good fawn with overlay, attentive temperament.

Graded Very promising

Exhibit 39

13 month old, long bodied female that could be more feminine, head of sufficient length lacks chiselling, pronounced cheeks, parallel headline, muzzle slightly roman and a bit short, dark eyes good shape, little bit big ears, skin is slightly wrinkled on top of skull, good length of neck, still soft backline, steep croup, deep chest, a bit fine boned, soft in pastern, minimum hindquarters, good shoulder, moves unco-ordinated, sufficient reach, tail is too high carried and hooked in the end, an energetic temperament, coat is very smooth, fawn colour but lacks overlay.

Graded Sufficient

Exhibit 40

14 month feminine female with very good body proportions, medium long head well chiselled, lacks a little filling in the muzzle, very good mask, brown eyes of good shape, parallel headline, light stop, medium sized ears well set, good reach of neck, strong backline, chest needs to develop, a bit fine boned, balanced angulations, moves with sufficient reach, good fawn colour with overlay, in a bit thin condition, nice temperament and well presented.

Graded Excellent

Exhibit 41

3 year old female, feminine, elegant, off square body, long head, muzzle a bit snipey and under jaw could be stronger, parallel headline, light brown eyes, light stop, ears a bit tall well set, good reach of neck, a little soft backline, sufficient chest and bone, sloping croup, balanced angulation, a bit steep upper arm, moves with sufficient reach, coat not in best condition, fawn colour lacking some overlay, very good mask, nice temperament and well presented.

Graded Excellent

Exhibit 43

6 months, elegant puppy male, off square body, medium long head well chiselled, very good mask, dark almond shaped eyes excellent pigmentation, parallel headline, light stop, slightly tall ears high set, good reach of neck, strong backline a little long in loin, sloping croup, sufficient chest for age, sufficient bone good feet, a bit open in front, good in rear, moves a bit high stepping in front, sable coloured, nice temperament and well presented.

Graded Very promising

Exhibit 44

10 months, masculine elegant male, square body, long head well chiselled, no stop, a bit convex muzzle, very good pigmentation, brown slightly deep set, a little deep in skull, ears of good size

Slightly converging, very short neck, strong back, good chest for age, sloping croup, good bone and feet, steep shoulder placed a bit too far forward, open hindquarters, moves very short and restricted in front, not alot of drive.

Graded Promising

Exhibit 47

2 and half year old masculine, harmoniously built dog of square body, long head very well chiselled, well balanced, flat parallel headlines, minimum stop, high mask, excellent pigmentation, dark eye of very good shape medium sized ears very well carried, excellent neck and backline, good croup, very good chest and bone, excellent feet. Well balanced angulation, excellent mover with very good drive. Excellent warmth of colour with overlay. Very good coat texture, nice temperament and well presented.

Graded Excellent

Exhibit 48

2 years, masculine male, square body, medium long head well chiselled, very slightly rounded skull, slightly convex muzzle, light stop, very good pigmentation, excellent mask, small high set ears, good reach of neck, strong backline, chest could be a little deeper, sloping croup, a little fine boned, balanced angulation, moves with sufficient reach, a little close in hocks, good fawn colour with overlay, excellent coat and texture, nice temperament and well presented.

Graded Excellent.

Exhibit 49

4 and half year, masculine male, medium long head chiselled, a bit pronounced cheeks, muzzle slightly convex, very good mask, slightly deep pigmented in corner of mouth, flat skull, brown eyes of good shape, small high set ears, sufficient reach of neck, strong backline, a bit sloping croup, good chest, sufficient bone, a little soft in pastern. A little open in front angulation, moves with sufficient reach and drive, good fawn with overlay, very good coat and texture, nice temperament and well presented.

Graded Excellent

Exhibit 50

3 years, square masculine male, in a bit thin condition, medium long head chiselled, lacks some filling in muzzle and under the eyes, a little light pigmented in the mouth, parallel headline, light stop, very good mask, medium sized ears just a little wide set, a bit short in neck, strong backline, sloping croup, chest could be deeper, good bone, a bit soft in pastern, a little long feet, a bit steep shoulder, good hindquarters. Narrow in front, moves a bit restricted, should have better drive. Fawn colour with overlay, good coat, nice temperament and well presented.

Graded Excellent

Exhibit 51

5 years old, masculine male, square body, medium long head chiselled and a bit round in skull, excellent pigmentation, very good high mask, parallel headline light stop, dark eyes of very good shape, medium sized ears well set, sufficient reach of neck, strong backline, sloping croup, chest could be deeper and narrow in front, good bone and feet, a bit steep shoulder and upper arm, good hindquarters, a little high restricted front action, very good coat, fawn with overlay, nice temperament.

Graded Excellent.

Exhibit 52

4 year old masculine male, long bodied, medium long head that could be more chiselled, pronounced cheeks, parallel headline, light stop, dark eyes of very good shape, medium sized ears, a little wide in the base but well set, very good reach of neck, strong backline, a bit long in loin, very good chest and bone, a little long feet. A bit sloping croup, balanced angulation in front and rear. Moves with balance and sufficient reach and drive. Very good coat, warm fawn with overlay, nice temperament and well presented.

Graded Excellent

Exhibit 53

6 months, feminine female, long head well chiselled, parallel headline, light stop, very good pigmentation, very good mask, dark eyes, small high set ears, sufficient reach of neck, sufficient strong backline, a little long in loin, sloping croup, good chest for age, a bit fine boned, a bit open angulation in front, good hindquarters. Moves a little restricted in front, beige colour, nice temperament and well presented.

Graded Very promising

Exhibit 54

Almost 6 months, feminine puppy female, a little low on legs, medium long head chiselled, minimum stop, flat parallel headline, good pigmentation, diluted mask, dark eyes of excellent shape, medium sized ears well set, sufficient reach of neck, a little soft in backline, long in loin, sloping croup, sufficient chest for age, a bit fine boned, very good feet, a bit open front angulation, very good rear quarters, a bit soft in pasterns, moves a little restricted in front, light fawn, nice temperament and well presented.

Graded Very promising

Exhibit 55

6 months female, feminine, off square body, medium long head very well chiselled, slightly convex muzzle, parallel headline, minimum stop, very good mask, dark eyes of good shape, small ears high set, sufficient reach of neck, strong backline, sloping croup, good chest for age, very good bone and feet, a bit open in front angulation, sufficient hindquarters. Moves with balance with sufficient reach, very good fawn with overlay, good coat texture, nice temperament and well presented.

Graded Very promising.

Exhibit 56

6 months, off square body, feminine, head could need a little more length a bit pronounced cheeks, flat parallel headlines, light stop, very good mask, brown eyes of good shape, medium sized ears well set, good neck, sufficient strong backline, sloping croup, good chest, sufficient bone, very good feet, a bit open in front angulation, good hindquarters, moves with sufficient reach, good fawn with good coat texture, nice temperament and well presented.

Graded Very promising

Exhibit 57

10 months, slightly long body, feminine puppy, female, long well chiselled head, flat parallel headline, minimum stop, very good pigmentation, very good mask, dark eyes of good shape, medium sized ears well set, good reach of neck, very good backline, a little long in loin, sloping croup, good chest for age, very good bone and feet, balanced angulation front and rear, balanced movement with good drive. Fawn colour with overlay, good coat texture, nice temperament, well presented.

Graded Very promising

Exhibit 58

9 months, elegant feminine female puppy, off square body, medium long head very well chiselled, parallel headline, light stop, very good mask, very good pigmentation, dark eyes of good shape, small high set ears, sufficient reach of neck, strong backline, sloping croup, chest needs to develop, narrow in front, a bit fine boned, good feet, a bit steep shoulder and upper arm, sufficient hindquarters, moves a bit restricted and loose in front, light sable coloured, good coat, nice temperament and well presented.

Graded Very promising

Exhibit 59

6 months, slightly long bodied female, a little low on the legs, long head well chiselled, flat parallel headline, minimum stop, very good mask, very good pigmentation, dark eyes of very good shape, medium sized ears well set, good reach of neck, sufficient strong backline, a little long in loin, sloping croup, good chest for age, good bone and feet, balanced angulation front and rear. Very good movement, good drive, good fawn colour, coat texture, nice temperament and well presented.

Graded Very promising

Exhibit 60

6 months, slightly long bodied puppy female, feminine, medium long head, could need a little more chiselling under the eyes, flat parallel headline, minimum stop, very good pigmentation, very good mask, dark eyes of very good shape, small high set ears, sufficient reach of neck, sufficient strong backline, sloping croup, sufficient chest for age, very good bone and feet, stands slightly east west, a bit open front angulation, good hindquarters, moves a bit restricted in front, sable coloured, good coat and texture, nice temperament and well presented.

Graded Promising

Exhibit 61

12 months, off square, feminine, junior female, head of sufficient length snipey muzzle, minimum stop, very good pigmentation, very good mask, dark eyes of very good shape, medium size ears a bit wide at the base, a bit short in neck, strong backline, steep croup, undeveloped chest, narrow front, fine boned, very good feet, overall lacking some substance, a bit steep shoulder and upper arm, good hindquarters, moves restricted and very loose in the front. Fawn with overlay. Nice temperament, well presented.

Graded Very good

Exhibit 62

12 months, elegant feminine female, good body proportions, medium long head very well chiselled, slightly convex muzzle, light stop, very good pigmentation, very good mask, dark eyes of very good shape, small ears high set, good reach of neck, sufficient strong backline, sloping croup, chest needs to develop, sufficient bone, very good feet and a bit open front angulation, good hindquarters, narrow in front, moves a bit restricted and is loose in front. Sable colour, good coat, nice temperament and well presented.

Graded Excellent

Exhibit 63

1 year, slightly long bodied female, elegant, long head well chiselled, flat parallel headline, light stop, very slightly convex muzzle, very good pigmentation, very good mask, dark eyes of very good shape, medium sized ears well set, sufficient reach of neck, strong backline, a little long in loin, good croup, chest needs to develop, very good bone and feet, a bit open in front angulation, good hindquarters. Moves restricted in front, flips her legs, toeing in in front, good fawn with overlay, good coat, nice temperament and well presented.

Graded Excellent

Exhibit 64

2 years, off square bitch, feminine, medium long head, could be more chiselled under the eyes, very good mask, very good pigmentation, light brown eyes of good shape, parallel headline, minimum stop, ears of good size well set, very good reach of neck, strong backline, slightly sloping croup, very good chest bone and feet, balanced angulation front and rear, moves very well with good drive, very good coat texture, fawn with overlay, nice temperament and well presented.

Graded Excellent

Exhibit 65

2 years old female, a bit long bodied and a bit heavy condition, long head could be more chiselled, very slightly convex muzzle, parallel headline, light stop, very good pigmentation, very good mask, dark eyes good shape, medium size ears well set, very good reach of neck, sufficient strong backline, a bit long in loin, a bit sloping croup, very good chest, a bit fine boned good feet, overall a bit low on the legs, excellent front angulation, good hindquarters, moves with balance, good drive, fawn colour with overlay, coat a little wavy on the back, nice temperament and well presented.

Graded Very good

Exhibit 66

2 years old female, off square body, long head very well chiselled, flat parallel headline, light stop, very good pigmentation, a bit diluted mask, dark eyes of very good shape, slightly tall ears high set, good neck, strong backline, very good chest, very good bone and feet, slightly soft in pastern. Balanced angulation, moves well with good drive, light fawn with a little overlay, good coat and texture, nice temperament and well presented.

Graded Excellent

Exhibit 67

2 years, slightly long bodied female, long head well chiselled, flat parallel headline, minimum stop, very good pigmentation, very good mask, brown eyes, good shape, medium sized ears well set, good neck, strong back, sloping croup, very good chest, good bone and slightly long feet, a bit open in front and rear angulation, moves with balance and good reach, good fawn with overlay, nice temperament and well presented.

Graded Excellent

Exhibit 68

3 year old female, off square, medium long head, a bit snipey muzzle, very good pigmentation, very good mask, underjaw could be a little bit stronger, slightly convex muzzle, minimum stop, medium sized ears a little wide set, dark eyes of good shape, sufficient reach of neck, strong backline, slightly sloping croup, a bit undeveloped in chest, a bit too fine boned, a little long feet, a bit open in front angulation and hindquarters. Narrow front, moves slightly restricted in front and a little loose in elbows. Good fawn with overlay, good coat texture, a little timid in the ring, well presented.

Graded Excellent

Exhibit 69

3 years old, feminine female, off square body, head of good length well chiselled, slightly convex muzzle, very good pigmentation, very good mask, light stop, dark eyes of very good shape, ears of very good size well set, very good reach of neck, sufficient strong backline, slightly sloping croup, excellent chest, very good bone and feet, slightly soft in pastern, good front angulation, a bit open in the rear, balanced movement, good reach, grey colour with overlay, very good coat texture, nice temperament, well presented.

Graded Excellent.

Exhibit 70

6 years, off square body, long head chiselled, slightly convex muzzle, a little deep pigmentation in mouth, very good mask, dark eyes of good shape, medium sized ears a little wide at the base well set, parallel headline, light stop, good reach of neck, strong backline, steep croup, lacks some depth of chest, a little open in front angulation, sufficient hindquarter, sufficient bone, very good feet, moves with sufficient reach, lacks a little bit in drive, open coat that is not in best condition. Nice temperament, well presented.

Graded Excellent

Exhibit 71

3 years, a bit low on legs, off square female, head of good length chiselled, convex muzzle, very good pigmentation, a bit diluted mask, dark eyes of good shape, medium sized ears a little wide at the base well set, good neck, strong back, very good croup, very good chest bone and feet, sufficient angulation of front, good in the rear, moves well with good drive, good fawn with very good overlay, good coat texture, nice temperament, well presented.

Graded Excellent

Exhibit 72

5 years, well built bitch, off square body, long head very well chiselled, flat parallel headline, light stop, very good pigmentation, very good mask, dark eyes of very good shape, small high set ears, very good reach of neck, strong backline, bit sloping croup, very good chest, very good bone and feet, slightly soft in the pastern, very good angulation front and rear.

Moves excellent with good drive, very good fawn with overlay, very good coat texture, nice temperament and well presented.

Graded Excellent

Exhibit 73

2 years old, a bit long bodied, just a little low on the legs, medium long head well chiselled, almost parallel headline, very good pigmentation, very good mask, dark eyes of very good shape, medium sized ears well set, good reach of neck, sufficiently strong backline, long in loin, good chest, good bone and feet, balanced angulation front and rear, moves very well with good drive. Good fawn with overlay, very good coat texture, shy temperament, well presented.

Graded Excellent

Exhibit 76

8 year old, feminine female in good condition, slightly long in body, long head well chiselled, very good mask, dark eyes of very good shape, flat skull slightly receding, a little tall ears slightly wide set, very good reach of neck, a little soft in the backline, very good chest bone and feet, sloping croup, balanced angulation, moves well, good fawn colour with overlay, good coat texture, nice temperament and well presented.

Graded Excellent

Exhibit 77

3 years, a bit heavy in condition, medium long head could be more chiselled, slightly diluted mask, eyes of good shape with a rounded skull, slightly convex muzzle, slightly wide set ears, good reach of neck, a bit soft in the backline, a bit long in loin, sloping croup, very good bone and feet, balanced angulation, moves with sufficient reach, fawn with overlay, nice temperament and well presented.

Graded Very good.

Exhibit 78

18 months, square body, long head, a bit convex muzzle, underjaw could be stronger, a bit light eyes good shape, medium sized ears slightly wide set, a bit diluted mask, good reach of neck, undeveloped chest, a bit French stand, steep croup, steep upper arm, sufficient hindquarters, moves a bit restricted and loose in the front, light fawn colour overlay, nice temperament, well presented.

Graded Very good

Exhibit 79

11years, off square male, medium long head well chiselled, very good pigmentation, parallel headline, high mask, dark eyes of good shape, small high set ears, a bit short in neck, strong backline, undeveloped chest, sufficient bone, a bit soft in pastern, open angulation front and rear, narrow front, moves restricted, good coat texture, good fawn colour with overlay, nice temperament and well presented.

Graded Excellent
