The Belgian Shepherd

1 Breed - 4 Varieties

Groenendael, Laekenois, Malinois, Tervueren

Four musketeers serving mankind

The Belgian Shepherd Dog is a mediolinal dog, harmoniously proportioned, combining elegance and power, of medium size, with dry, strong muscle, fitting into a square, rustic, used to the open air life and built to resist the frequent atmospheric variations of the Belgian climate. Through the harmony of its shape and its high head carriage, the Belgian Shepherd Dog should give the impression of that elegant strength which has become the heritage of the selected representatives of a working breed. The Belgian Shepherd Dog is to be judged in its natural stance, without physical contact with the handler.

This is a watchful and active dog, bursting with energy, and always ready to leap into action. As well as its innate skill at guarding flocks, it also possesses the highly prized qualities of the best guard dog of property. Without any hesitation it is the stubborn and keen protector of its owner. It brings together all those qualities necessary for a shepherd, defence and service dog.

Its lively, alert temperament and its confident nature, showing no fear or aggressiveness, should be obvious in its body stance and the proud attentive expression in its sparkling eyes.

When judging the breed, one should take into consideration its calm and fearless temperament.
